2019

ABOUT US

City Automation Zim was established as a private company in 2012 with an extremely competent board of directors that have more than 7 years combined experience in security and electronic installations related fields. City Automation Zim is based in Harare Zimbabwe and we source, market, distribute, install and maintain security and other related products.

City Automation Zim is a multi-skilled resource base company, working exclusively in the security and risk related fields. We are experts in the design, sourcing and installation of all forms of security products, systems and solutions.

With the flexibility of our approach and design capability . We help you to develop a cost effective security solution that suits your very specific needs and budget.

MISSION

Our mission is to provide innovative solutions through strategic partnerships, which addresses the problems of security and loss prevention for diverse segments of commerce and industry.

To provide organisations with powerful tools at reduced costs and improved profitability through security automation, as well as to promote safety, security and peace of mind effective security solution that suits your very specific needs and budget.

VISION

“Our vision is to create a better safety every-days life for many people.”

We offers home security technology and Security Systems using electronic technology can come over and above more classic obstacles to intrusion like monitoring. The company sells and install security systems that can be controlled and monitored by home owners remotely.
